

Field Service Heavy Equipment Mechanic

Rockydale Quarries Corporation, an established aggregate producer in Virginia, is seeking a Field Service Heavy Equipment Mechanic for their Roanoke, Virginia, location. Must be a self-starter, have extensive knowledge with the ability to run diagnosis tests, be able to troubleshoot, adjust, weld, repair, and maintain diesel and gasoline equipment. Must possess the skills to repair and maintain both off-road construction and mining-type equipment and over-the-road vehicles, up to and including Class 8 trucks. Requirements include the ability to maintain protective guards and safety devices on equipment, along with performing preventative maintenance services.

Working knowledge of DOT Motor Carrier Division Safety Rules and Regulations as they pertain to over-the-road-trucks is a plus. Must be a safe, self-starting individual willing to perform other related duties as required by job.

Candidate must be able to work outside in field conditions during all seasons. Travel to other Rockydale locations may be required. Must be able to work overtime as required by job.

Minimum of five (5) years of experience with similar or same equipment and/or machinery is required. Minimum of three years of experience may be considered if post-secondary vocational/technical school training in the required field has been completed successfully. High school diploma or GED is required. Must be able to provide copy of clean driving record.

We offer competitive wages and a comprehensive benefits package including paid time off, health, dental, and vision insurance, company paid life insurance, 401k/Profit Sharing fund, and other competitive benefits.

Resumes may be dropped off in person or submitted by fax or email to: (NO PHONE CALLS)
