

HEAVY EQUIPMENT OPERATOR

Rockydale Quarries Corporation, an established aggregate producer, is looking for a Heavy Equipment Operator at its Charlottesville, Virginia location.

Must be able to operate various pieces of quarry equipment including, but not limited to, excavators, loaders, dozer, and haul trucks. Ability to perform daily inspection of vehicle, including monitoring gauges for proper operating temperatures, oil, and air pressure, etc., required. Will be required to perform routine preventive maintenance on equipment such as lubricating, fueling, and cleaning and refer defects or repairs to supervisor. Participates in plant clean-up and minor plant maintenance as needed. May be required to operate other equipment as necessary.

Must be able to work in all types of weather conditions and in a mining environment.

Must have two (2) years or more of training or proven experience with similar or same equipment machinery, and have basic knowledge of equipment mechanics. High school diploma or GED required.

Applicants may apply in person or submit resumes as follows (no phones calls):

Rockydale Quarries Corporation
2430 Rio Mills Road
Earlysville, VA 22936
